### Recommendations:

- Provide pre-migration workshops on workplace norms and culture (e.g., networking and applying for jobs), and essential tasks (e.g., taking the bus and buying groceries).
- Employment programs need to provide more opportunities for YRE to acquire Canadian work experience with diverse employers.
- Improve access to employment services for YRE in rural areas.
- Recognize YRE's prior educational and language experiences and support their pursuit of higher-level classes and post-secondary education.
- Implement policies to address racism within the school system.
